

Amendments to the Specification

Please amend the Abstract of the Disclosure, as follows:

Abstract of the Disclosure

~~The invention relates to a method~~ Method for producing a fiber-composite material with ~~one or more fillers at least one filler~~ added to the resin ~~, in addition to~~ along with reinforcement fibers ~~added to the resin/filler mixture, whereby, apart from the fibers, the~~ at least one filler comprising at least one of ground and cut fiber material as fiber ground material is added to the resin or the resin/filler mixture. The invention also relates to a A sheet molding compound with a resin matrix system and reinforcement fibers and optionally fillers is also provided, whereby the fillers are being ground or cut material of the same material of which the reinforcement fibers are ~~also~~ composed.
